October 27, 2020

Brett Wieber, Sales Manager  
Norweco, Inc.  
220 Republic Street  
Norwalk, Ohio 44857

Dear Mr. Wieber,

I want to follow up our telephonic discussion of September 23, 2020 regarding the Norweco Singular 960 and TNT Systems for approval in Maine. I understand these systems were approved in Maine initially in December 2012. Slight modifications were later approved by James Jacobsen, Water Operator Licensing Coordinator in a letter to Norweco dated July 15, 2019. Mr. Jacobsen has subsequently retired from the Maine Drinking Water Program. I understand from our discussion that you would like to clarify that the approval includes stone trenches and/or stone beds. Also, for clarity, the approval includes both the Singular 960 and TNT systems.

Should you have any questions, please don't hesitate to call.

Sincerely,

A handwritten signature in black ink, appearing to read "TJB", followed by a horizontal line.

Thomas J. Brennan, C.G.  
Senior Geologist

Ec: Mr. Donald Carabin
